CALLEY MONAGUE

Calley is a mum of two with a passion for birth work. She is of Métis descent and grew up in Simcoe County. After embarking on her own journey through fertility, birth and postpartum, she began her educational career in birth work.

Calley holds an Honours Bachelor Degree in Therapeutic Recreation and completed Maternal Support Practitioner Training through Bebomia, with additional training in Fertility and Infant Sleep. She looks forward to continuing to expand her knowledge to assist families embarking on their own journeys.

When she's not supporting her clients, you can find Calley enjoying time with her children and husband. She loves being outdoors and enjoying the earth's energy!
